# Powder

Nothing compares to Wiegele's Albreda powder – whether you enjoy the breathtaking thrill of steep slopes, the challenge of our forest glades or the more relaxed pace of our gentler terrain.

More than 9 metres (30 feet) of snowfall blankets our terrain each year. Take advantage of our 'unlimited vertical' policy to explore stunning glacier runs, ski the endless powder of the Cariboo and Monashee mountains or discover the scenic slopes of Mount Albreda — site of the longest run in the region.

At Albreda Lodge, our certified guides share your thrill for adventure without compromising your safety and comfort. By using every available resource, our guides make sure you get the best untracked powder – in the safest environment possible – every day you are here.

Powder here is as nature intended – endless and perfect.

# Perfect

End your day at Albreda Lodge with the exceptional comfort, attentive service and full amenities you have come to expect from our Blue River location – in a more exclusive and intimate setting.

Share the day's adventure with friends while enjoying a gourmet meal in the dining room.
